

Netprotector PoE Managed

NPZG-8P-D

Description

Netprotector PoE Managed NPZ-8P-D is 3-in-1 solution. One enclosure has 8 port PoE adapter, netprotector and LAN controller fitted inside. Thanks to that, it reduces number of devices, power supplies and cables which means better space management.

Lan controller allows remote switching on and off each one of the LAN port separately. In addition, user has access to readouts of the power voltage of each port and temperature inside the case.

8 port PoE adapter with netprotector is the best way to secure supplying up to 8 devices using PoE technology. Adapter is compatible with virtually any power supply with standard DC plug. Acceptable voltage range: 9-30V, maximum amperage: 11A.

Netprotector PoE Managed NPZ-8P-D has Watchdog functionality with up to 8 configurable entries.

Features of Netprotector PoE Managed NPZ-8P-D include:

- PoE adapter functionality
- restarter functionality
- built-in netprotector protects up to 8 devices
- management via www
- all ports shielded
- standard power socket DC 2.1/5.5
- Watchdog
- solid, sleek, all-aluminium, black painted desktop case

Product specification

Input voltage range:	9-30V
LAN ports:	8 x 10/100Mbps
LAN & PoE ports:	8 x 10/100Mbps
LAN/console ports:	1 x 10Mbps
Power socket:	DC 2.1/5.5
Watchdog:	yes, up to 8 entries
M6 mounting screw:	4 pcs
Max voltage:	30V
Max current:	11A
Weight:	1,4 kg
Guarantee:	12 months
