# Outdoor distribution cabinet
## 24U z IP56 STZ 1464/816/625

**FiberTechnic®**

CE

**PRODUKT POLSKI**
ID: 5105

All aluminium outdoor RACK cabinet. Rust resistant. Tough. Light. Weighs only 46kg and it is the best alternative to heavy, rust prone steel cabinets.

Perfect for FTTX solutions. Cabinet protects devices mounted inside against unauthorized access and hazardous environmental conditions. IP rating IP56, IK rating IK09.

Inside there are 19" RACK rails 24U with adjustment front/back of 148,5 mm.

Top part of the cabinet has dedicated space for up to 4 wents on special mounting plates. Removable floor has cable holes ( dia. 27mm and dia. 45mm). Floor has also M5 filters.

Metal hinges are protected against opening from the outside. Doors sealed using rubber seals and they are closed using two brass locks, also sealed by polymer seal.

Small roof sticks out rougly 0.5cm outside the front of the cabinet. It contains secured went holes and M5 filters.

Filters should be inspected every 3 months (depends on conditions):

• lower (floor) filter - every 6-9 months
• upper filter – every 18 months

Replacement filters avialable from cabinet manufacturer.

IP rating: IP56, IK rating: IK09.
