

Outdoor distribution cabinet

19" 15U 600x400 STZ IP54

ID: 5475

Aluminium outdoor telecommunications cabinet STZ 15U 19" 600x400 mounted on a frame for embedding in concrete or aluminium base.

Fibertechnic 15U outdoor cabinet made of PA 11 aluminium characterised by good tensile strength, high corrosion resistance, even in marine conditions and industrial environments, high fatigue strength, almost three times lighter than S235 steel of the same thickness, and protected by a paint coating.

Suitable for:

- protecting the equipment inside from harmful effects of external environmental factors and unauthorised access
- arrangement of power, transmission and optical fibre cables.

Inside the cabinet there are 19" 15U rack rails with front to back adjustment of 148.5 mm. Space at the top of the cabinet allows the installation of a fan panel.

Removable floor plate for easy cable entry and gland installation in the cabinet.

Doors closed by a hermetic lock, protected by a polyurethane poured seal to prevent moisture from entering the interior of the cabinet.

Cabinet is designed to be placed on an accessory base available from the manufacturer, or a frame embedded in concrete.

Rack rail height	15U
Distance between rack rails [inch]	19"
Height [mm]	962
Width [mm]	625
Depth [mm]	400
Internal dimensions [mm]	759 x 606 x 366
IP rating	IP54
IK rating	IK09
Material	Aluminium PA11
Maximum load [kg]	400
Doors [pcs]	1
Hermetic lock [pcs]	1
Cast polyurethane gasket	√
Color	RAL7035
Weight [kg]	17
Corrosion warranty [year]	25
