

AirBox18 eco

Description

18 dBi panel antenna with integrated enclosure for 5 GHz band.

Slightly lighter, less expensive version of Airbox18 designed to be a solid foundation of quality CPE set. Thanks to the integrated enclosure, there is no need to use external box for Mikrotik Routerboard 411-series or Ubiquiti Wispstation 5 systems. Antenna is made entirely from aluminium, ABS layer is used to additionally shield the whole set.
