

Outdoor distribution cabinet

19" 18U 600x600 SK-1 STZ IP54

Outdoor aluminium STZ 18U 19" telecommunication cabinet with external dimensions 1196/625/625 mounted on an SK-1 well or aluminium base. IP54 protection rating.

Fibertechnic 18U outdoor cabinet made of PA 11 aluminium characterised by good tensile strength, high corrosion resistance, even in marine conditions and industrial environments, high fatigue strength, almost three times lighter than S235 steel of the same thickness, and protected by a paint coating.

Suitable for:

- protecting the equipment inside from harmful effects of external environmental factors and unauthorised access
- arrangement of power, transmission and optical fibre cables.

Inside the cabinet there are 19" 18U rack rails with front to back adjustment of 148.5 mm. Space at the top of the cabinet allows the installation of a fan panel.

Removable floor plate for easy cable entry and gland installation in the cabinet.

Doors closed by a hermetic lock, protected by a polyurethane poured seal to prevent moisture from penetrating the interior of the cabinet.

Cabinet is designed to be placed on an accessory base available from the manufacturer, or on any concrete base.
