

12U STZT 740/664/800 IP55

Outdoor double shell thermo-insulated cabinet

Thermally insulated aluminium double shell outdoor cabinet STZD 740x664x800 (WxHxD) suitable for outdoor installation with a buried base. Cabinet with 19" rack rails, height 12U. Ingress Protection rating IP55.

Outdoor double shell insulated 19" 12U rack cabinet made of aluminium ensuring corrosion resistance and a low weight of only 33 kg. This makes the cabinet a perfect alternative to steel cabinets of other manufacturers.

Outdoor double shell cabinet with insulation between the shells, with 19" 12U rack. With external STZD dimensions of 740x664x800mm, made of powder-coated aluminium.

Designed to:

- protect the equipment inside from the harmful effects of external environmental factors;
- protect against unauthorised access and activities- including destructive activities;

Allows:

- installation of heating and ventilation equipment, ensuring the correct temperature conditions required by the equipment installed;

Provides protection against:

- ingress of solid objects and liquids - at ingress protection rating of IP 55
- External mechanical impact - at impact protection rating of IK 09
