

Anchoring clamp

15-20mm round fiber optic cable 16kN

Technical specification:

- Round cable diameter 15-20 mm
- Dimensions (plastic body) 42x82x200 mm
- Length of steel wire 340 mm
- Minimum breaking force 16 kN
- Weight 0.3 kg

Key features:

- Made from durable thermoplastic (body+wedge)
- For round cables use
- Wedge installation
- UV resistant
- Weather resistance
- Tool-free assembly
- Rapid, simple installation
- Removable stainless steel bail
- Blocking plastic wedges
