

FIBER OPTIC CLOSURE DAC MINI 12J 2+2

➤ DAC MINI 12J 2+2 is a horizontal closure with 4 cable entrances. The closure is dedicated to secure cable bundles of optical fiber cable and branching application. Material which creates the cover is made of high quality plastic, resistant to UV RAYS, low (-40°C) and high (+60°C) temperature, and chemicals. IP rating I56. Flat and compact design of the fiber optic splice closure, enables it to be installed in places with limited space. Designed to easy and simple installation. Dedicated place for 6/12 splices makes organisation of cables easy. All metal components of fiber optic splice closure are made of corrosion-resistant materials.

- **Set of DAC MINI 2+2 includes:**
- port caps (Ø10mm, length: 29mm)
 - zip-ties
 - fiber splices secure
